

CNC PROGRAMMER

Advantech Industries Inc. is a contract manufacturer providing sheet metal and precision CNC machined parts. We are looking to fill a CNC Programmer position. Hours are Monday –Friday, 7:30am-4:00pm. Eligible candidates must have a High School Diploma/GED and 5 years of experience minimum. Associates Degree in Industrial Technologies preferred. Experience with Mazatrol and Fanuc a plus.

DUTIES & RESPONSIBILITIES

- Use CAD skills to create work holding and fixturing layouts, program CNC machine tools using Gibbs Cam Programming software, and create geometry as needed.
- Generate programs for milling centers, turning centers and multi-tasking CNC equipment.
- Update and manage CNC programs and manufacturing processes to consistently produce a precision product.
- Create manufacturing tool list for CNC programs

SKILLS & QUALIFICATIONS

- With limited supervision and quality work ethic, functions as a member of a customer-driven quality team whose goal is to ensure that product quality requirements established by the customer have been achieved.
- Superior communication skills and ability to develop teamwork among staff; interface with department supervisors and machinists on a regular basis.
- Must be diplomatic and possess good human interaction skills.
- Holds oneself accountable for doing whatever is needed to meet the commitments made around project outcomes.
- Ability to multitask using the appropriate level of priority setting.
- Maintains adequate levels of performance and motivation despite job tasks that are routine, repetitive, and/or non-stimulating.
- Ability to work well under pressure, to adhere to deadlines and the ability to be flexible.
- Must be proficient with Solid Works, AP-100 programming software and Master Cam.
- Must be proficient in Cutting Speeds and Feeds.
- Ability to operate assigned equipment safely and efficiently.
- Ability to keep record of time spent and material used.
- Ability to use precision measuring tools and equipment, read drawings and blueprints, and be familiar with common machine tool.
- Ability to add, subtract, multiply and divide in all units of measure, using whole numbers, common fractions and decimals.
- Minimum 5 years of experience. High School Diploma/GED required.
- Associates Degree in Industrial Technologies preferred.
- Experience with Mazatrol and Fanuc a plus.
