

Helper - Mold Mitigation/Waterproofing  
Healthy Spaces; Location: Rochester, NY

Healthy Spaces Inc. serves both residential and commercial customers in the Greater Rochester NY area by identifying and mitigating mold issues, repairing damage that was already done to a structure, and installing drainage and appropriate waterproofing to help keep future issues from arising. We are seeking hard working, dedicated candidates to join our growing team.

Job Duties:

- Participate in demolition efforts to remove damaged housing materials, flooring
- Carry in and out heavy materials including stone and cement
- Scrape and prep concrete basement walls

Required skills:

- Previous construction background and experience strongly preferred.
- Knowledge of and experience working with hand tools.
- Knowledge and ability to paint
- Ability to work clean and organized
- Attention to detail and ability to follow direction are a must.
- Reliable transportation required as job sites are located across Monroe County.
- Able to lift 50 lbs

Position begins at approximately 25-30 hours per week with the potential to become full-time.

To apply call Mark at 585-755-6332 to discuss your experience and the position.
