

Farm Mechanic/Operator  
Location: Scottsville, NY

Krenzer Farms is seeking a candidate interested in securing a lifelong career and possible future ownership in our organization. Enjoy a daily variety of mechanical and operational tasks associated with grain farming and municipal snow removal operations.

We desire candidates who are team players and self-motivated to learn all aspects involved in the operation of our farm. Team oriented candidates with strong personal desire to learn by doing are encouraged to apply.

Life-long career and future ownership opportunities are available for self-motivated individuals.

Responsibilities:

- Operate, maintain and repair farm equipment
- Perform welding repairs
- Maintain a clean, organized, safe work environment at all times

Requirements:

- Valid, clean NYS Driver's License; a CDL is preferred: A or B.
- 2-Yr college degree, Agricultural coursework preferred
- Experience operating large machinery with manual transmission
- Ability to self-manage; be proactive and plan ahead for planting, harvest and snowplow seasons.
- Mechanical skills necessary to maintain, and repair farm equipment.
- Basic Arc Welding skills required -- MIG, TIG helpful
- Proficient in arithmetic; including fractions
- Computer literate

Physical Requirements:

- Climbing and working on ladders up to 120'
- Ability to lift and carry up to 100 pounds.

Starting at \$15/hour
