Precision Optics Manufacturing Technician

Description: Optimax is looking for entry-level technicians with strong math aptitude, including algebra, geometry and arithmetic. New employees undergo instruction and training to ultimately operate precision lenses fabrication equipment independently such as generators, grinders, polishers and edgers, applying knowledge of layout and tooling techniques and procedures, shop mathematics, and properties of optical and abrasive materials.

Requirements:

- Hand/eye coordination or manual dexterity similar to those skills utilized in artistic, creative or musical activities
- Ability to multi-task in a fast pace environment
- Acquire a competent skill level through successful completion of training
- Enhance and develop new skills by embracing learning and continuous improvement
- Review results of team performance with team leader
- Follow directions from Team Leader regarding all aspects of the job
- Work well with other team members
- Available for all shifts; Monday through Friday

Education: High school diploma or GED is required. Associates Degree or vocational training in manufacturing, materials science or machining desired

Optimax must comply with the International Traffic in Arms Regulations (ITAR) issued by the United States Department of State, Department of Defense Trade Controls. Because of ITAR, the company must limit employment opportunities to the following eligible categories, (1) a citizen or national of the U.S., (2) a lawful permanent resident, (3) citizen admitted as a refugee, or (4) citizen who has been granted asylum. Optimax is committed to equal opportunity for all, without regard to race, religion, color, national origin, citizenship, sex, age, veteran status, disability, genetic information, or any other protected characteristic. Optimax will make reasonable accommodations for known physical or mental limitations of otherwise qualified employees and applicants with disabilities unless the accommodation would impose an undue hardship on the operation of our business.

If you are a qualified candidate for this position, please forward a resume to jobs@optimaxsi.com, or to Optimax Systems Inc., 6367 Dean Parkway, Ontario, New York 14519 attention HR.
